## MAKE A BIG DIFFERENCE WITH A MONTHLY GIFT

Pledging a donation on a regular basis, however big or small, is a great way to make a lasting commitment to cancer care and to help transform the lives of cancer and leukaemia patients and local oncology communities.

It allows us to plan ahead for the long-term, because we know, day in day out, that we have a steady income stream that we can rely on.

Our Chartwell Patrons are dedicated to improving facilities, funding clinical research and capital projects, enhancing staff levels, as well as delivering a range of support

to young oncology patients and their families.

And now, more than ever, we need consistent support for our vital work.

# WHY GIVE MONTHLY?

A monthly donation is an extremely effective way to support our work – both now and in the future.

It is so much more than a financial obligation but being part of a group who share the same vision to make a lasting change and to keep honouring a long-standing commitment to the communities and hospitals we serve.

Whether you choose to join for your own personal reasons, as a thank you for the support you have received or are currently receiving, or because you feel a social commitment towards the local community, the rewards are exactly the same.

## HOW DO I JOIN?

You can donate any regular amount of your choice. Donations can be set up through our secure online portal using a credit/debit card, by direct debit or standing order direct with your bank, or we can send an application form to you in the post.
